

# AGCAS Scotland Conference

Colin Dewar, June 2019

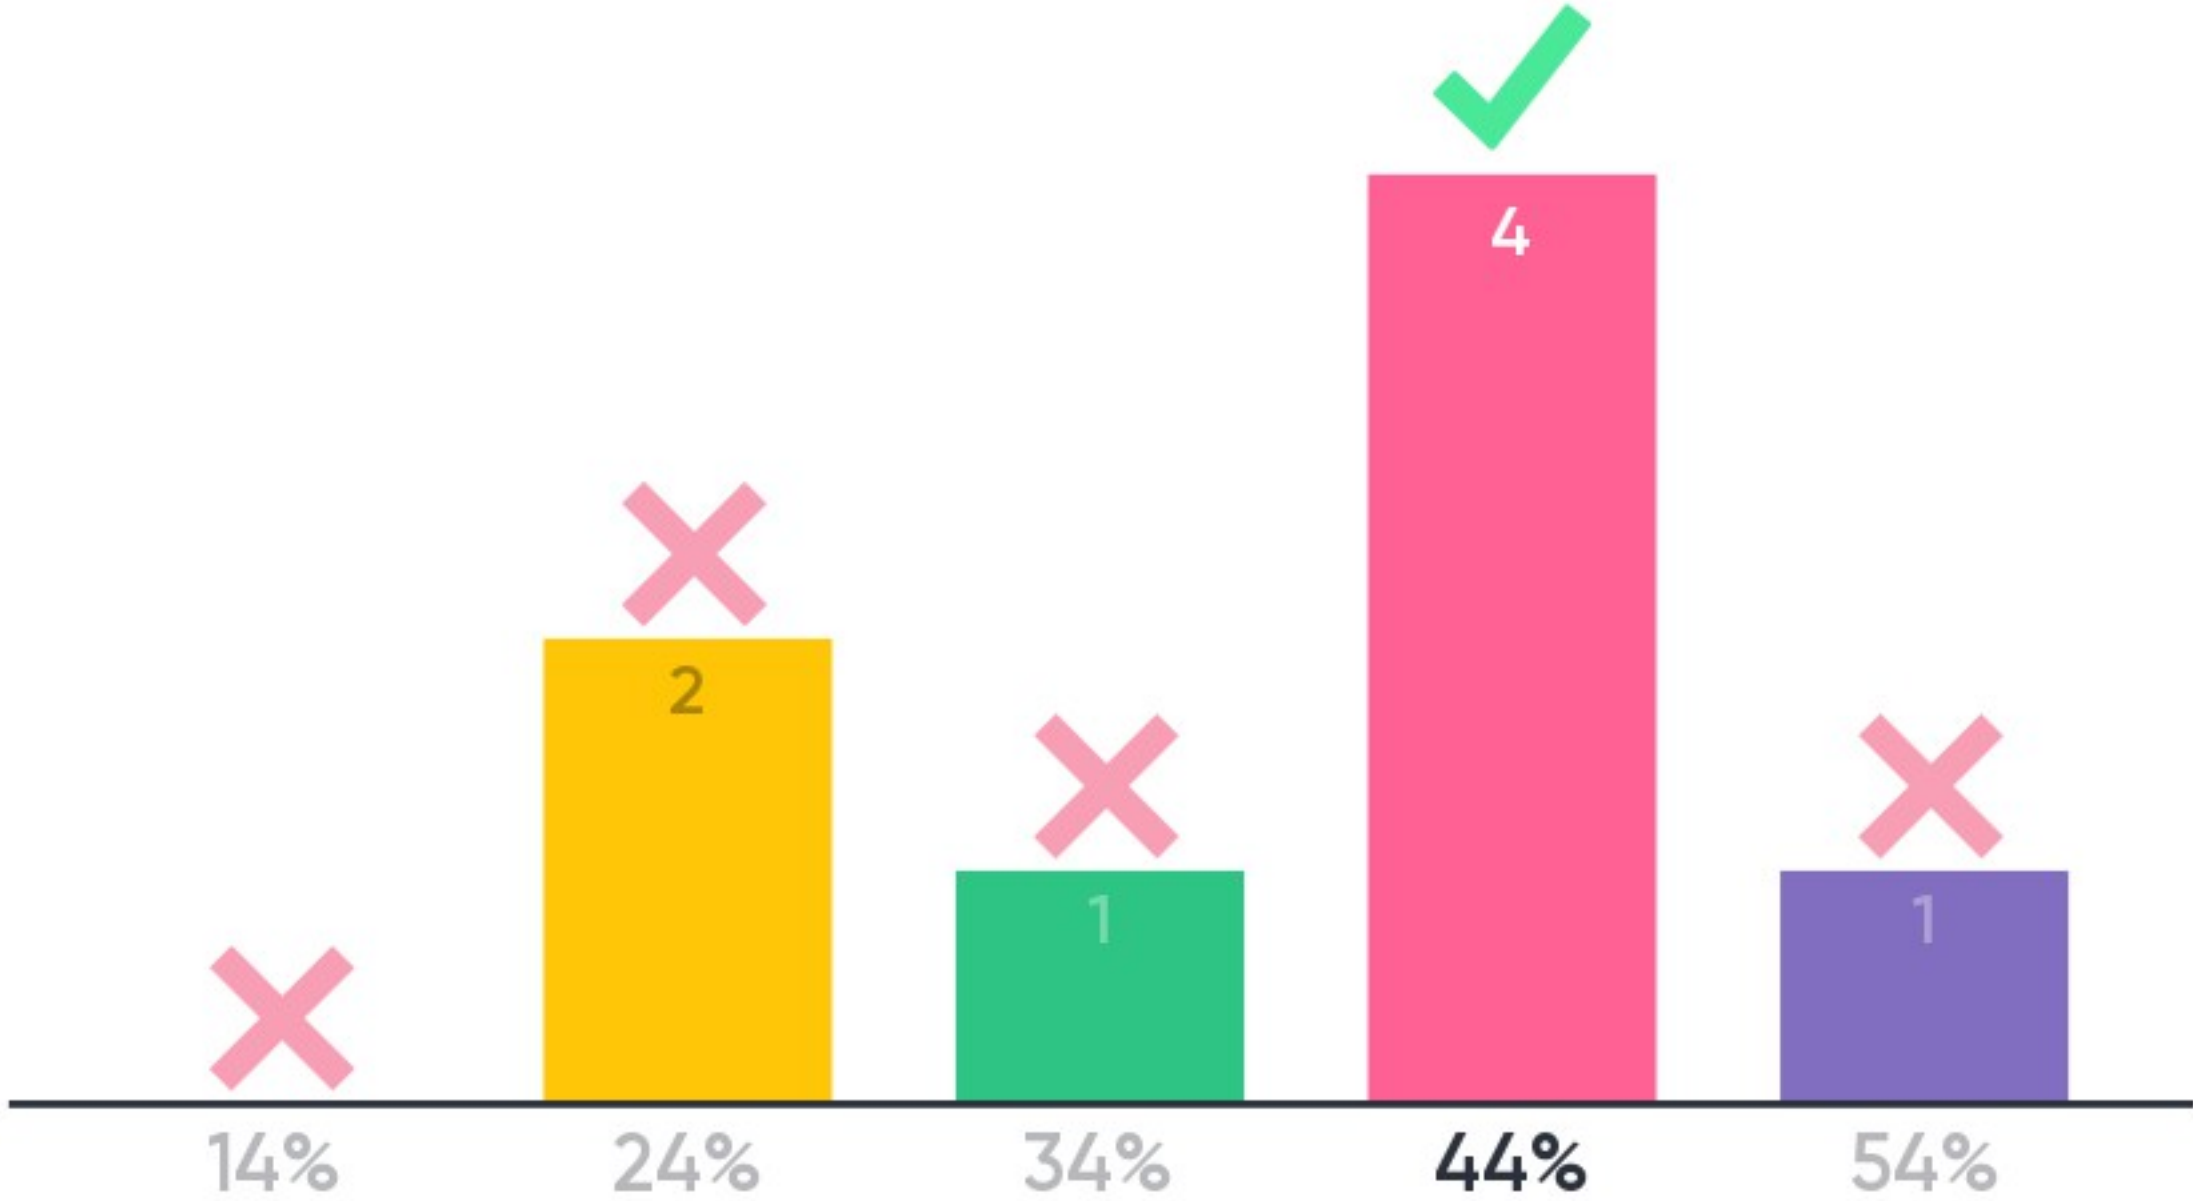

# Which of the following opportunities to develop graduate skills are offered at your institution?

Do you think a majority of graduates felt they knew about the range of development opportunities that had been available to them?

What % of graduates felt there were barriers (inc. background and personal characteristics) to accessing skills development opportunities?

# Initiatives that develop graduate skills – what works and how do you measure the impact?

Careers modules. Measure via distance travelled questionnaires at start and end of interaction.

Experiential learning; work experience; clubs, & societies

Digital online resource and e-learning modules around professional development related to early graduate careers
